

Frost Road

IN STREETSBORO

ODOT District 4 is beginning a \$5.5 million project on Monday, April 10, to widen Frost Rd. between Sunny Lane and SR 43 and between Ellsworth Rd. and Phillips Parkway. The project also includes the widening of the Frost Rd. bridge over I-480. The entire project is scheduled to be completed by late September 2018.

1 Beginning Monday, April 10, Frost Rd. between Ellsworth Road and Phillips Parkway and at the intersection of Frost Road and SR 43 will have occasional lane restrictions for roadway widening.

Entrance to business will have various short term closures as the paving crews work through the area.

2 The bridge over I-480 will also be widened. Half of the widening will take place in 2017 and the other half in 2018.

One lane of traffic will be maintained in each direction throughout the entire time of the project.
